

Grant and Contract End Data Storage Verification Form

The Data Storage Verification Form confirms and assigns District and School responsibility to maintain all documentation associated with the USU STARS! GEAR UP partnership grant. In compliance with Utah State University, the state of Utah, and DoED federal regulations, data must be stored in two separate locations; (1) cloud-based storage system, and (2) the USU provided hard drive. All records must be readily accessible in the event of an audit.
